### **NEWS RELEASE**

Date: August 2014

### **AGN EUROPE confirms appointment of Europe Regional Director**

Marlijn Lawson was appointed as Regional Director of AGN Europe region at the latest regional meeting in Madrid (Spain) in June 2014.

Appointed Director of Membership and Event Management for AGN International early in 2013, Lawson joined AGN as International Executive Assistant for the organisation in 2008. During this time she had the opportunity to build a close relationship with existing and prospective members, as well as travelling to various parts to introduce AGN to prospective firms and organizing the AGN World conferences, which were AGN's key annual events. Both experiences gave her a broad understanding of the Association's structure and an awareness of the various challenges encountered within the regions.

Since June 2014, Lawson acts as point of contact and communication for the AGN European region and main focus will reside in developing new business opportunities as well as expanding the membership in the area.

### **Riccardo Biaggi, Regional Chair of the AGN Europe says:**

*"I was very pleased when Marlijn took up the professional challenge of this new position within the AGN organisation. In my opinion, she is the most talented person to cooperate with the new international CEO as well as with the AGN European Board. She brings fresh ideas and positive energy on board, all in respect of continuity as she knows AGN and their members inside out. The Board and I wish her a great success in this new role!"*
